

## Highlights from the Mayor

Good Day everyone,

The Spring run off has come and gone and I must admit, the nicer weather has been a positive for all us at the Town as I'm sure it has been for a lot of you as well. In my travels I'm seeing everything from people taking part in a socially distanced walk, kids being able to play in the yard and even farmers able to get back into the fields.

Much conversation has been happening about phasing the opening up of our province and many people are curious about what exactly this will look like. I too am curious but confident that if we continue to follow the protocols set out and respect each other's needs during these strange times we will be able to get through this together and focus on future accomplishments.

From a municipal governance perspective, I am happy to announce that we have recently approved both our Operating and Capital budgets for 2020 without increasing the mill rate. We are focusing on the immediate needs of our community with keeping a close eye on the future.

On behalf of Town Council, I would like to thank you all for your continued patience and dedication to the social distancing protocols that COVID-19 has placed on us all. Without your participation, we fear that our community would be affected much worse than it has been already. Now is the time to stay the course in order to protect our loved ones and continue to follow the protocols set out by AHS and the Alberta Government. Thank you to all the essential service workers on the front line dealing with the everyday needs of our community. Keep up the good work!

Maureen Miller, Mayor

**New Dates**  
**Spring Cleanup**  
**All of May 2020**

Residents can dispose of fridges, freezers and water coolers that contain Freon without paying the \$20 Freon removal fee during Spring Cleanup. Items should be taken to the Transfer Stations located in the region. *The fee waiver is valid only during Spring Cleanup.*

Items can be taken to the County of St. Paul, Town of St. Paul, Town of Elk Point or the Evergreen Regional Waste Management Transfer Stations. For locations and hours see [www.evergreenwaste.ca](http://www.evergreenwaste.ca)
