

DEPARTMENT OF PUBLIC WORKS OPPORTUNITY

Equipment/Hydro Vac Operator

The Town of St. Paul is looking for an equipment/hydro vac operator to join our team. This position will be a permanent full time position and is responsible for the daily operations of our public works department.

Responsibilities include:

- Perform manual labour duties related to transportation and utilities such as solid waste collection, repairs and maintenance of roadways, sidewalks, street signs, hydrants, valves, catch basins, etc.
- Repair and maintain water distribution lines and repair sanitary sewer lines
- Operate heavy equipment, e.g. grader, loader, backhoe, bobcat, excavator, vac truck, sewer flusher, tandem trucks, sanding truck, garbage truck, tree chipper
- Perform minor maintenance on the equipment such as fueling, changing oil, greasing, washing, etc.
- Read and change water meters as needed
- Connect and disconnect water services to residents and commercial establishments
- Ability to perform shift work (e.g. night time snow removal, emergency water leaks)
- Responsible for residential garbage collection and removal as assigned
- Participation in our health and safety program
- Ability to be on an on call rotation
- Valid Class 3, Class 1 preferred with "Q" endorsement
- High School Diploma or equivalent

Please send a cover letter and resume with two references to:

Human Resources Coordinator
Phone: (780) 645-1767
Email: humanresources@town.stpaul.ab.ca

Applications will be accepted until October 18, 2021 @ 4:30 pm MST

Please note the successful candidate will be required to provide a criminal record check and clean driver's abstract prior to their first day of work.

The Town of St. Paul thanks all applicants for their interest. However, only those short listed for an interview will be contacted.
