

Share your thoughts on the draft St. Paul North Intermunicipal Area Structure Plan!

The Town of St. Paul and County of St. Paul are entering the last round of engagement for the creation of the St. Paul North Intermunicipal Area Structure Plan (IASP) for lands located within and north of the Town of St. Paul. The draft IASP provides a guiding framework for future park, residential, commercial, and industrial development in the Plan area, as shown in the map.

The purpose of the IASP is to address future land use and infrastructure in the area and serve as a critical tool for the Town and County to strengthen its commercial and industrial base and regional importance.
